Dear Mr. Wood:-

Your letter of March 24th, addressed to our Mr. Case
has been referred to the writer for reply.

According to our records there has been no change in
the design of the pure nickel one-lek Albanian coin since its
original issue in 1926. A photograph of one of the 1931
specimens is shown below:

We may be able to find one of these in our collection
and will be pleased to send it up to you, if you so desire.

By the way, do you have a specimen of the new Belgian
5-franc piece? We have a few extras on hand and will be pleased
to let you have one if you can use it. Rubbing of this coin is
shown below:

Very truly yours,

L. W. Barber

Dear Mr. Barber:

Many thanks for your prompt reply. If you should find a duplicate of that one lek piece of 1931 we would appreciate having it. Also, the 5 franc piece of Belgium is new to us. We presume that they come in the two languages, Belgie and Belgique. If you have any to spare, would appreciate either one or both varieties of it.

Very truly yours,

Curator
